

~ OUR STORY ~

Pritam Arts is a 35-year-old, family-run Screenprint Studio. We aim to keep the manual, old-school way of screen printing alive and running. Initially, we started off with printing visiting cards, office stationery and wedding cards. But now, we work closely with designers and artists to execute various design projects while experimenting with different screen printing techniques never tried before.

We are a small team of a Father & Son - Prabhod & Prajval Mendon. Prabhod Mendon is the powerhouse and skill behind the studio. A print expert and our hero! Prajval Mendon is a Graphic Designer and Printmaker.

~ SCREEN PRINT WORKSHOP ~ **CATEGORY : Advance** **16hrs (2days minimum)** **+ 1/2 day of briefing**

The advance workshop is an in-depth class similar to intermediate workshop while being a bit more open-ended. In this workshop the participant has the liberty to print limited editions in large sizes and any number of coloured artwork.

The participant will be taught the entire process right from learning how to prepare a positive file to exposing it onto the screen and learning the process of hand pulled printing using oil based inks.

The participants will bring their own material to print on (eg. Papers to print posters). Pritam Arts can help them procure the material as per their needs if readily available.

Advance workshops are specially designed to be an open-ended workshop leaving more room for bigger size, colour variations and experimentation.
