

~ OUR STORY ~

Pritam Arts is a 40-year-old, family-run Screenprint Studio. We aim to keep the manual, old-school way of screen printing alive and more accessible. Initially, we started off with printing office stationeries, packaging and wedding cards.

But now, we work closely with designers and artists to execute various design/artprint projects while experimenting with different screen printing techniques never tried before.

We are a small team of a Father & Son - Prabhod & Prajval Mendon. Prabhod Mendon is the powerhouse and skill behind the studio. A print expert and our hero! Prajval Mendon is a Graphic Designer and Printmaker.

As part of our commitment to make screenprinting more accessible we have introduced Print Lab - The experience setup, Tailor made workshops and Limited edition DIY Kits.
